The St. James Hotel opened on Thanksgiving Day, 1875, after a group of 11 civic-minded businessmen recognized the need for a first-class lodging establishment in the port city of Red Wing, Minnesota, the wheat-trading center of the world.

Architects from the Minnesota firm of E.P. Bassford outfitted the four-story Italianate structure in grand style with handsome furnishings, Brussels carpet in the lobby and English velvet carpet in the second floor ladies’ parlor. On opening night, guests marveled at the hotel’s modern features, including steam heat, hot and cold running water, gas on every floor and a state-of-the-art kitchen.

The St. James was an immediate sensation and became the hub of activity in Red Wing overnight. The hotel’s first floor included three dining rooms, the kitchen, office and baggage storage while the lower level featured a parlor, billiard hall, barbershop, public baths and four water closets. The second floor featured a ladies parlor, bridal suite and two ladies’ water closets. An elegant ballroom occupied the fourth floor.

Located within walking distance from the Red Wing train depot and the steamboat docks, the hotel was booked to capacity every night with travelers and boarders. The St. James chefs developed such a fantastic reputation that the railroad adjusted its timetables to allow passengers to disembark and enjoy dinners at the hotel. Luminaries such as President Rutherford B. Hayes were known to indulge on the fantastic kitchen fare.

Now owned by the Red Wing Shoe Company, the St. James continues to offer guests the same medley of Old World service, cutting-edge amenities and culinary delights that it did on opening day.

Red Wing Golf Club
The 6,200 yard course features elevated tees overlooking tree lined, rolling fairways calling for well positioned tee shots in order to approach undulating greens. The Red Wing Golf Club is a unique target golf course which rewards accuracy and positioning over power and strength.

The course provides an enjoyable and challenging golfing experience for all levels of play. The majestic oak trees, rich green pines, and rugged sandstone bluffs make for a truly scenic golfing adventure.

Mississippi National Golf Links
Lowlands
Known to be a fair but tough test of golf, the Lowlands course is a par 71 course, measuring 6,484 from the back tees. A more traditional layout nestled in the Hiawatha Valley, the Lowlands is a great match for any level of golfer.

Highlands
The Highlands is a memorable golf experience that offers spectacular views from the bluffs high above the Hiawatha Valley. The Highlands is par 71 and is 6,282 yards from the back tees, and it peers directly on into the Mississippi River bottoms & surrounding valleys with shots and views that are simply one-of-a-kind.
Barn Bluff
Barn Bluff is one of the best-known natural features along the upper Mississippi River. It is significant for its geology and its association with prehistoric and native peoples. It is also significant for its association with the exploration of the Upper Mississippi in the early nineteenth century, and for its mid-nineteenth century through present day association with travel, industry, tourism, and recreation. A many-layered interpretation of the feature is evident in local legend, as well as in published historical and scientific accounts, works of art, and photography.

Bay Point Park
This beautiful park, located along the winding Mississippi River near downtown Red Wing, is the location for many of our community celebrations. Nearby is the historic Boat House Village where one of the only remaining “gin pole” installations is located. This village has provided limitless inspiration for artists and photographers.

Bay Point Park is located on Levee Road, north of Highway 61 along the river. It offers picnic areas, a play structure, volleyball court, boat launch and a walking path which is open all year long and lit during evening ours. The distance around Bay Point Park is 2/3 of a mile or three laps equals two miles.
